

**Seattle Gynecological Society
Fall Assembly Dates/Faculty
1997-2013**

September 20-21, 2013 (Roger Rowles, MD)

Amory, John, MD

Update in Male Infertility

Cohn, David, MD

The Cost of Doing Business

Cancer Genetics for the Ob/GYN

Coll, Shawni, DO

Female Sexual Dysfunction

Gralow, Julie, MD

Chemoprevention of Breast Cancer: New Therapies

Hanson, Hedric, MD

The Extraperitoneal Cesarean Section: Operation Technique

Keats, John, MD

Patient Safety and Women's Health: ACOG's SCOPE Recognition Program

Miller, Jane, MD

Urinary Tract Infections in Women: Anything New?

Paley, Pamela, MD

Robotic Surgery: A Transformative Technology in the Management of Gynecologic Cancer

Pomarico, Michele, MSW and Sewall, Gretchen, RN

Building Patient Resilience in RPX and Infertility: Support for Patients and Providers

Prager, Sarah, MD, MAS

Clinical Abortion Update: A Focus on Best Practices

Reichel, Jennifer, MD

Vulver Dermatology

Shahine, Lora, MD

Update on Recurrent Pregnancy Loss: Evaluation and Treatment in 2013

Walker, Dilys, MD

Sustainable and Culturally Informed Obstetric Simulation Training for Low Resource Setting. Why and How You Should Care.

September 28-29, 2012 (Catherine Hunter, DO/WAC)

Berga, Sarah, MD

Hormones and Breast Cancer

Hormones and Brain

Hormones and Cardiovascular Disease

Dellinger, E. Patchen, MD

Surgical Aspects of Obesity Treatment

Dimer, Jane, MD

Domestic Violence – Medical View

Eckert, Linda, MD

HPV Vaccine Update
Fialkow, Michael, MD
Fecal Incontinence
Hunter, Kim, JD
Domestic Violence – Legal Defense
Lenihan, John, MD
Simulation
Mystkowski, Paul, MD
Medical Treatment of Obesity
Pitter, Michael, MD
Surgical Options in Treatment of Infertility Pts with Endometriosis
Surgical Options in Treatment of Infertility Pts with Myomas
Satava, Richard, MD
Impact of advanced Technologies on the Future of Surgery
Swisher, Elizabeth, MD
Ovarian Carcinoma – Risk Assessment and Prevention
Walls, Renee, JD
Domestic Violence – Legal Prosecution

September 30 – October 1, 2011 (Elizabeth Strickland, MD/WAC)

Allen, Hugh, MD
Postoperative Pain Mgmt (including discussion of HB 2876)
Butrick, Chip, MD
Neuropathy of Chronic Pain
Myofascial Pain: A Common Cause of Chronic Pain
Garcia, Amy, MD
Office Hysteroscopic Evaluation and Mgmt of Menorrhagia and AUB
Office Hysteroscopic Sterilization
Geronimo, Jose, MD
Cervical Cancer Prevention: A View from the Developing World
Gray, Heidi, MD/Reed, Susan, MD
Point/Counterpoint: Prophylactic Oophorectomy
O’Connell, Daniel, PhD
Balancing Your Thinking
Balancing Your Life
Prager, Sarah, MD
What’s New in Contraception
Ramirez, Pedro, MD
Thromboembolic Events in Minimally Invasive Surgery
Preventing Complications in Laparoscopic Surgery: Tools and Techniques for Success
Sadownik, Leslie, MD
Chronic Vulvar Pain – What Exactly is The Problem?
Lessons Learnt from the Multidisciplinary Structured Approach to Managing Vulvadynia
Shah, Chirag, MD
Perioperative Mgmt

September 10-11, 2010 (Jim Rice/WAC)

Bland, Amy, MD

Endocervical Diseases, What Every Gynecologist Should Know

Everett, Elise, MD

Adnexal Mass

Heiman, Julia, PhD

Female Sexual Dysfunction

Murphy, Miles, MD

IC/Painful Bladder

Vaginal Mesh POP Repair

Phillips-Madson, DO, MPH, MD

Osteopathic Medical Education in the PNW

Sapieha, Iryna, MD

Sleep Issues for Women

Swartz, Mia, MD, MS

Perioperative Mgmt & Infections After Midurethral Sling Surgeries

Visco, Anthony, MD

Overactive Bladder Treatments – Out with the Old, In with the New?

Robotic Sacrocolpopexy – The New Gold Standard for Advanced Pelvic Organ Prolapse?

Young, Jennifer, MD, MPH

HPV Testing: The Future of Cervical Cancer Screening

Vaccines Can Prevent and (Maybe Even) Treat Cancer: The Cervical Cancer Paradigm

Young, Audrey, MD

Telling the Patient's Story: The Clinician as Storyteller

PANEL: Cervical, Breast and Colon Cancer Screening Guidelines

Drs. Linda Eckert, Joann Elmore and Jason Dominitz

September 11-12, 2009 (Dan Veljovich/WAC)

Advincula, Arnold, MD

Leveraging the Robotic Advantage for Complex Gyn Surgery

Preventing Per-Operative Neuropathy: An Interactive Case-based Approach

Chiang, Siene, MD

State of the UW Residency Program

Coleman, Robert, MD

Ovarian Carcinoma: New Treatment Principles Update on Surgical Treatment of Ovarian Cancer

New Adjuvant Therapies of Ovarian Cancer

Dellinger, Patchen, MD

Preventing Surgical Site Infections

Dellit, Timothy, MD

MRSA: Challenges for Clinicians, Infection Control and Regulations

Fowler, Wesley, MD

Obstetrics and Gynecology: Where Have We Been, Where are We Going and Who Are We? Perspectives from a Seasoned Professor

Huh, Warner, MD

**Gynecologic Surgery Mini-Symposium: Robotics, Complications, and Energy
Electrosurgical Considerations in Gyn Surgery
Complex Endometrial Hyperplasia: More Than “Just Hyperplasia”**

Patton, Phillip, MD

**The Investigation of Thyroid Function: Preconception and During Early Pregnancy
Infertility Treatment Strategies: Fact v Dogma**

September 19 -20, 2008 (Bob Palmer/WAC)

G. David Adamson, MD

**Regulation and Globalization of ART
Careers, Babies and Biological Clocks**

John K. Amory, MD

New Developments in Male Contraception & An Update on Worldwide Populations Trends

Julie L. Carkin, MD

Predicting and Preventing Osteoporotic Fractures

Jose Jeronimo, MD

HPV Vaccine & Care HPV Testing: New Tools for Cervical Cancer Prevention

Eric B. Larson, MD, MPH

**US Health Care: Improved Access (Obama), Increased Market Forces (McCain):
Not the Answer, But Then, What Is?**

Matthew A. Powell, MD

**Comprehensive Staging of Endometrial Cancer Patients: For Everyone?
State of the Art in Endometrial Cancer and the Impact of Recent Trials**

Susan D. Reed, MD, MPH

The Swinging WHI Pendulum: HT Mgmt Strategies Four Years Later

John T. Soper, MD

**Controversies in the Mgmt of Hydatidiform Mole and Low Risk GTN
Controversies in the Mgmt of High Risk GTN**

Thomas J. Walsh, MD, MS

The Role of Male Fertility in the ART Era: Friend of Foe

September 28-29, 2007 (Susan Reed/WAC)

Chiang, Siene, MD

Optimizing Outcomes of Surgery in Advanced Age: Perioperative Factors to Consider

Eckert, Linda, MD

Obstetrician/Gynecologists as Vaccinators: It's a New Era

Everett, Elise, MD

Robotic Surgery in Gynecology: Futuristic or Fashionable

Fain, Thomas, JD

Shared Decision Making and Informed Consent in Gyn - panelist

Fryer-Edwards, Kelly, PhD

Shared Decision Making and Informed Consent in Gyn - panelist

Hunt, Patricia, PhD (WSU)

The Egg and The Environment: New Concerns About Human Pregnancy Failure

Kimelman, Judy, MD

Shared Decision Making and Informed Consent in Gyn - panelist
McCarus, Steven, MD (FL)
Harmonic Energy: The New Frontier in Laparoscopic Pelvic Surgery
Laparoscopic Complications: The Good, The Bad, The Ugly!
McCormick, Thomas, D.Min
Shared Decision Making and Informed Consent in Gyn - panelist
Tewari, Krishanansu, MD (UC, Irvine)
Colposcopy of Glandular Lesions
Repair and Recognition of Intestinal and Urologic Injuries During Gyn Surgery
Thyer, Angela, MD
PCOS and Insulin Sensitizers: Panacea or Pandora's Box

September 29-30, 2006 (Linda Mihalov, President/WAC)

Anderson, R. Torrance, MD
Uterine Artery Embolization
Cheng, Edith, MD
Preconceptual Screening
Fassler, Eric, MD
MR-Guided Focused Ultrasound
Jay, Stewart, JD
The History and Future of Reproductive Rights
Levy, Barbara, MD
Outpatient Vaginal Hysterectomy
Mao, Constance, MD
HPV Vaccines: What Are the Clinical Implications?
McTiernan, Anne, MD, PhD
What Can We Learn About Breast Cancer From the WHI
O'Hanlan, Kate, MD (CA)
Total Laparoscopic Hysterectomy
Oktaý, Kutluk, MD (Cornell)
Biological Basis and Diagnostic Approach to 456XX Premature Ovarian Failure
Oocyte Cryopreservation: Where are We Now?
Shobeiri, Abbas, MD (OK)
Pelvic Floor Dysfunction: Incontinence
Pelvic Floor Dysfunction: Role of Botox
Swensen, Ron, MD
Management of Incidental Adnexal Masses

September 16-17, 2005 (Lori Marshall, President/WAC)

HEIDI J. GRAY, MD
Striving Toward a Brighter Future: An Update on Ovarian Cancer Screening and Vaccine Development
VIVIAN M. DICKERSON, MD
"WHI" Did They Do It? And What Do We Do Now?
The Challenges of the Obese Patient
Women's Advocacy - Women's Health

VICTOR Y. FUJIMOTO, MD

**Human Reproduction Update: Current Prognosis and Treatment Effects
Emerging Technologies for the Treatment of Uterine Fibroids**

ROBERT RESTA, MD

Genetic Testing for Hereditary Cancer: Who Should Have It and Why

STEVEN T. HARRIS, MD

Osteoporosis Update

G. SCOTT ROSE, MD, LTC, WRAMC

**Deployment Related Issues for the Ob-Gyn Physician
Vulvar Dystrophies: Diagnosis and Treatment**

ERIC S. SURREY, MD

Endometriosis and Infertility: Is There Really an Association?

The Management of Uterine Fibroids in the Infertile Patient: An Evidence Based Approach

September 10-11, 2004 (Jim Haines, President/Bell Harbor)

Amory, John (UW)

- **Male Contraception Update 2004**

Del Priore, Giuseppe (NYU)

- **Steroids Hormones and Breast Cancer**
- **Cancer and Fertility are NOT Mutually Exclusive**
- **Controversial Endometrial Cancer**

Dumesic, Dan (Mayo)

- **Clinical Implications of Insulin Excess in PCOS**
- **Steroids and Oocyte Development**

Glowacki, Carol (Stanford)

- **The Overactive Bladder**
- **Mgmt of the Complex Obstetrical Fistula**
- **Mgmt of the Postsurgical Vesicovaginal Fistula**

Gralow, Julie (Seattle)

- **Breast Cancer Screening in the High Risk Patient**
- **Chemoprevention in Familial Breast Cancer**

Olason, Lisa (NW Medical Team)

- **Medical Volunteerism**

Oct 3-4, 2003 (Barbara Pringle, President/WAC)

Taylor, Maida (Eli Lilly)

- **“Natural Hormones”: Medical Facts v. Marketing Fantasies**
- **PMS, PMDD and Other Hormonally Sensitive Mood Disorders**
- **Modulating Breast Cancer Risk: Do We Harm, Can We help?**

Levy, Barbara (Federal Way)

- **Complication of Laparoscopy/Hysteroscopy**
- **Quick and Easy Evaluation/Mgmt of Female Sexual Dysfunction**

- **Hysteroscopic Female Sterilization – Non-Invasive Procedure for Permanent Contraception**

Porreco, Richard (Denver)

- **Update on Fetal Pulse Oximetry – Where Is This Going?**
- **Giving Birth Over Age 45**
- **Multiple Gestation, Multiple Dilemmas**

Abu-Rustum, Nadeem (Sloan Kettering)

- **Laparoscopy in the Mgmt of Ovarian Cancer**
- **Robotic Assisted Minimally Invasive Surgery**
- **Minimally Invasive Surgery for Early Cervical Cancer**

Sept 27-28, 2002 (Gretchen Lentz, President/WAC)

Brenner, Paul (USC)

- **Abnormal Bleeding in Relation to Systemic Illnesses**
- **Evidence Based Medicine and the Women's Health Initiative**
- **Innovations in Contraception**

McGonigle (VMMC)

- **Genetic Risk of Ovarian Cancer**

Miller, Paul (Greenville, SC)
